

# Trust Me, I'm the Expert: Improv Game

Improvisation is the act of doing or making something up as you go along without planning ahead of time. For this game, it's important to follow these rules to create a good Improv scene:

1. Use "Yes, and...", keeping in mind that it's important not to be negative. Instead, we always say yes to what is happening in the scene and add more information when it is our turn.
2. Act as though you are an expert about what you're talking about, even though you're just pretending.
3. Use what is available and be creative.

## SCAVENGER HUNT FOR PROPS

Find the items on the list to use as props to help you act out the scene:

- |  |  |   |
|--|--|---|
| <input type="checkbox"/> something green | <input type="checkbox"/> something small | <input type="checkbox"/> something common |
| <input type="checkbox"/> something soft  | <input type="checkbox"/> something weird | <input type="checkbox"/> something useful |

## SET THE STAGE

Make sure you and your partner/team have room to move comfortably. Put the props or items you collected during your scavenger hunt nearby so you can use them in any scene.

## IMPROV PROMPTS

Review the rules of improvisation above. Use props and these ideas to inspire your scenes. Have fun!
